The President called the meeting to order and upon roll call the following trustees were present:

It was moved by Bernard Hartke, seconded by Angela Kroeger, and carried that the minutes of the last meeting be approved as presented.

Tony Esker reported one new building permit.

The board reviewed the filed police radar guns veto from President Repking. He states he vetoed the purchase because the police department refused to write speeding tickets.

The board reconsidered the purchase of two radar guns for the Teutopolis Police Department. After discussion, they chose to table this action.

The board agreed they would not move the radar sign located on West Main Street. Village Foreman Carl Pals was instructed to turn the signs flashing red and blue lights off.

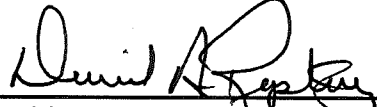

The board discussed switching engineering services. Village Foreman Carl Pals expressed his concerns about changing firms. He feels we receive exceptional service from Connor and Connor Engineering. The board agreed we receive good service, but they would like to make the switch to Milano and Grunloh Engineering. The board feels Milano and Grunloh's expertise in engineering services and grant writing would be valuable to the Village. This will be discussed again at the January 17th meeting.

In other action, the board approved the purchase of a cell phone for the Clerk's Office.

It was moved by Daniel Zerrusen, seconded by Christina Mette, and carried to adjourn the meeting.
